

Analysis Report of Feedback from Stake holders

Feedback is the fundamental principle that underlies all self-regulating systems. The Feedback from all stakeholders in terms of its relevance and appropriateness are considered to be a key aspect for enhancing and redefining the college.

Feedback is the impact to a system component that is a consequence of an action performed by that component. The college is committed to obtain timely and appropriate feedback from different stake holders to reflect on the progress and development effectively. Feedback, and acting on feedback, is therefore part of the enhancement process for the college. The feedback helps for self evaluation to make Quality as the defining element for the college. Teachers valuation from students feedback is also done.

There are 8 questions in the feedback form. Collection of feedback forms has been done from students of three different courses as (B.Sc., BA and, B.Com).

The college has formal and informal mechanisms to obtain feedback from stakeholders through various committees, associations, organization, etc. Suggestion boxes are placed in college prominent places in the college premise.

According to the analysis following major points has been noticed.

For the 8 questions asked in the feedback form four options are given to them for their answer.

Following is the percentage wise analysis of the options of the question asked to the students for the respective courses as B.Sc., BA and, B.Com.
